

Name: _____

Who Are the Copilots in My Life?

- Write your name on the plane.
- Write in the clouds the names of people you live with, work with, study with or play with.
- In the clouds, write the type of support each person gives you and the type of support you give him/her (examples include: someone to talk to, someone to give me advice, someone to make me laugh, someone to teach me, etc.).

These are the copilots in your life who can support you on your pathway to college.
